

ALUMINIUM SULPHATE

Product	Aluminium Sulphate Powder / Granular
Grade	Technical / Industrial Grade
CAS No.	10043-01-3
General Formula	Al2(SO4)3 · xH2O
Packaging	25 kg / sack
Batch / Lot No.	_____
Manufacturing Date	_____
Analysis Date	_____

Analysis Results

Test Parameter	Specification	Result	Status
Appearance	White to off-white powder / granular	_____	_____
Al2O3 Content	Per supplier / purchase specification	_____	_____
Iron (Fe)	Per supplier / purchase specification	_____	_____
Water Insoluble Matter	Per supplier / purchase specification	_____	_____
pH	Per supplier / purchase specification	_____	_____
Moisture / Free Water	Per supplier / purchase specification	_____	_____

Conclusion

Batch disposition: _____. This field must be completed only after reviewing actual batch test results against the applicable supplier or customer specification.

Prepared / Checked By	Authorized By
_____ Name / Date	_____ Name / Date

IMPORTANT - SAMPLE / TEMPLATE ONLY

This document contains no actual laboratory or manufacturer batch results and is not an official Certificate of Analysis for supplied material. Replace the blank fields and specifications only with verified data from the actual principal, manufacturer, or qualified laboratory before commercial or regulatory use.
